Hello Jonathan,
Attached are my responses to your comments about our Local Limits proposal. I have also included revisions of the EPA LL approval request, which shows changes in red strikeout, and revisions of the Proposed LL changes and SMSD Local Limits 2015 (which would replace Appendix A) which show changes in red. Please feel free to contact me if you have any questions or need additional information.

Thank you for your response. I will begin researching your questions and respond as soon as I am able. As to Comment 5, Table 10 is in Appendix A, it is just to the right of the other tables at the top of the spreadsheet. I have resent that Appendix. For Comment 6, I have attached a copy of our Pretreatment Ordinance. We plan on modifying the Ordinance after the Local Limits evaluation is complete.
